# Fortune Teller Instructions

## How to fold the paper:

## How to play the game:

1. Insert the index finger and thumb of both hands underneath the four flaps and bring the four together so there is no space between them.
2. Ask your doctor, nurse, child life specialist or other friends in hospital or clinic to pick from the four characters on top of the flaps.
3. Have them spell out the characters name, open it once for each letter in that characters name, alternating directions each time.
4. When you stop, ask your friend to pick a number from the four visible numbers inside.
5. Open the fortune teller as many times as the number chosen.
6. Ask your friend to pick a number again from the visible numbers inside.
7. Lift the flap that bears that number. Ask them the question that lies beneath.
8. Get to know your hospital staff and friends a little better!
